

2020 First Response Training International Training Update

As members of International Training, you have agreed to review all standards and procedures changes in Training Updates throughout the year. This is required reading for all International Training Members. Preferably, please download the current version of the standards. If you're still using paper manuals, please make any necessary revisions in your SDI/TDI or ERDI Standards and Procedures Manual upon reviewing this update. First Response and PFI Standards and Procedures are digital only, so please download current standards. All section and item numbers listed below reference the 2019 standards.

Current Version is Revision 20.0, issued 01/01/20.

First Response Training International Standards and Procedures

The main changes this year for First Response Training International standards are the elimination of the Child Emergency Care and Workplace CPR/AED Instructor ratings, as both these courses are a subset of the Adult and Child Emergency Care course, and no longer requiring liability releases for provider level courses. Provider and Instructor standards are updated accordingly, and changes made to ACEC Instructor and BBP Instructor standards to align them with provider course requirements.

Part 2 Provider Course Standards
