

2022 First Response Training International Training Update

As members of International Training, you have agreed to review all standards and procedures changes in Training Updates throughout the year. This is required reading for all International Training Members. Please download the current version of the standards. If you're still using paper manuals, please make any necessary revisions in your SDI/TDI or ERDI Standards and Procedures Manual upon reviewing this update. First Response and PFI Standards and Procedures are digital only, so please download current standards. All section and item numbers listed below reference the 2021 standards. Change tables for each agency's standards to be updated to summarize the specific changes below.

Current Version is Revision 0122, issued 01/01/22

First Response Training International Standards and Procedures

Changes affecting First Response Training International standards for 2022 include:

- Changes to clarify peer review policy for instructors
- Clarified requirement for instructors to possess required materials for courses

Part 1: Introduction

6.1 General

Item 2, add a new second sentence "First Response instructors and instructor candidates must also possess all required materials as listed in course standards in Parts 2 and 3 of this manual for any course they conduct or take."

6.13 Two Year Renewal/Refresher Policy – delete "and Instructor Trainer" from first sentence. Add a new sentence at end "Instructor Trainers maintain their IT status by conducting at least one course at their highest level every two years."
